FIVE THOUSAND A DAY

Enrollment in the Hughes National College League.

The Hughes National College League, 511 Fifth Avenue, New York, is receiving enrollments at the rate of five thousand a day. They are coming from all parts of the country, and the work of organizing branches in all states and most of the important cities has been started. A large percentage of the enrollments are from men who give their usual political affiliations as Progressive, Democratic or Independent.

The league has received the endorsement of Governor Hughes, who wired: "If there was ever a time when the educated men of the country who have their welfare at heart should work for right principles and strong government it is now." Chairman Wilcox of the Republican National Committee, ex-President Taft, and John Hays Hammond have also praised the work enthusiastically, as much on the score of the benefit to the men themselves as of the real work it will do to help elect Governor Hughes.

The British censorship is delaying the United States mails almost as annoyingly as Burleson's inefficiency.

'BEATEN GOOD AND PLENTY'
Champ Clark Sees no Rainbows in Maine Result.

"We got whipped, and I guess that is all I will say about the Maine election," said Speaker Champ Clark. "We got beaten good and plenty."

POLITICAL JOTTINGS

If plans "to get Villa" are abandoned, Villa should reciprocate and refrain from organizing expeditions "to get" American citizens.

The fact that Mr. Wilson could endorse this Pork Congress shows that he isn't seasick, anyway.

Mr. Pinchot also seems of the opinion that God Hates a Quitter.

The man who quotes the Baltimore platform is regarded as a political archeologist.

"He kept the country out of war," but he robbed it of its peace.

Up in Maine they are now rhyming Hughes with Moose. And there is reason as well as rhyme connecting the two words.

"Victory," Mr. Fairbanks told Oklahoma Republicans, "surely will perch on our banner." But Champ Clark tied it up in a nother and more compact bundle when he said: "They licked hell out of us."

Members of President Wilson's cabinet are ready to do anything to re-elect their chief, except resign.

Writes a former Princeton man: "At first we called him 'W. W.'; then we made it 'I. W. W.'"

Glenwoods are Brim Full of Good Things

The Glenwood Balanced Baking Damper is far ahead of any other—it is as positive as the turning of a railroad switch—open to start the fire, closed to bake—just this one damper for kindling or baking and best of all, it can't warp or stick.

The Glenwood Revolving Coal Grate is easy to shake at all times, and simply fine for removing clinkers. It is triangular in shape, with three different sides for wear.

The Ash Pan rests on a roller bearing frame—just open door and it rolls out at the slightest touch, neat and clean.
